CONTENTS.

FARMERS' BULLETIN NO. 951.—HOG PASTURES FOR THE SOUTHERN STATES. Page.

Forage-crop pastures ... 3
Value of green forage for hogs ... 4
Grain ration for hogs on pasture ... 5
Permanent pastures ... 6
Carrying capacity of pastures ... 7
Effect of grazing on the soil ... 7
Temporary fences ... 8
Forage crops for hogs ... 8
Suggested cropping systems ... 18

FARMERS' BULLETIN NO. 952.—BREEDS OF LIGHT HORSES.

Characteristics of light horses ... 3
Arabian ... 4
Thoroughbred ... 5
Standardbred ... 6
American Saddle ... 8
Morgan ... 9
Hackney ... 11
French Coach ... 12
German Coach ... 14
Cleveland Bay ... 15

FARMERS' BULLETIN NO. 953.—POTATO CULTURE UNDER IRRIGATION.

Extent of industry ... 3
Suitable soils ... 4
Preparation of the soil ... 4
Fall or spring plowing ... 5
Varieties ... 5
Seed ... 6
Planting ... 9
Cultivation ... 11
Irrigation ... 11
Crop rotation ... 14
Potato pests ... 14
Seed selection and the seed plat ... 16
Harvesting ... 19
Storage ... 20
Marketing ... 23

FARMERS' BULLETIN NO. 954.—THE DISINFECTION OF STABLES.

The necessity for disinfection ... 3
The nature of disinfection ... 5
Disinfectants ... 5
Details of disinfection ... 9

Page.

FARMERS' BULLETIN No. 955.—USE OF WHEAT-FLOUR SUBSTITUTES IN BAKING.
Partial substitutes for wheat flour in bread making 3
Yeast breads 4
Quick or hot breads 13
Pastry 20
Scoring bread 24

FARMERS' BULLETIN No. 956.—CURING HAY ON TRUCKS.
The Southern hay industry 3
Origin of the curing truck 6
Description of the truck 6
Using the truck 9
Baling 14
Economic considerations 16

FARMERS' BULLETIN No. 957.—IMPORTANT POULTRY DISEASES.
Importance of health in poultry flocks 3
How to prevent disease 4
Disinfectants and their application 5
Contagious catarrh (roup) 6
Diphtheria 9
Bird pox (chicken pox) 13
Fowl cholera 15
Choleralike diseases 16
Fowl typhoid 17
White diarrhea of chicks 18
Bacterium pullorum, infection 21
Coccidiosis 23
Aspergillosis (Brooder pneumonia) 24
Tuberculosis 26
Blackhead (enterohepatitis) 28
Gout 31
Gapes 33
Intestinal worms 36
Favus (white comb) 38
Lice and mites 40
Ticks 44
Fleas 46
Crop bound (impacted crop) 46
Inflammation of stomach or intestine 47
Limberneck 47
Alphabetical list of diseases 48

FARMERS' BULLETIN No. 958.—STANDARD BROOM CORN.
Nature and use 3
History 3
Climatic adaptation 5
Groups of broom corn 5
Growing the crop 7
Preparing for market 16
Diseases 17
Treatment for smut 18
Profit and loss 18

FARMERS' BULLETIN No. 959.—THE SPOTTED GARDEN SLUG.
Plants and plant parts injured 3
What the slug looks like 3

FARMERS' BULLETIN No. 959.—THE SPOTTED GARDEN SLUG—Continued. Page.
History and distribution 4
Food and haunts 4
Nature and extent of injury 5
Habits 5
Description 6
Development 7
Hibernation 7
Natural enemies 7
How to abate the slug nuisance 7
FARMERS' BULLETIN No. 960.—NEUFCHATEL AND CREAM CHEESE: FARM MANUFACTURE AND USE.
Characteristics of the Neufchatel group of cheeses 3
The manufacture of Neufchatel and cream cheese 4
Cost of manufacture 15
Marketing 17
Equipment for making Neufchatel cheese 18
Summary of directions 23
The use of Neufchatel and cream cheese in the diet 24
FARMERS' BULLETIN No. 961.—TRANSFERRING BEES TO MODERN HIVES.
Advantages of movable-frame hives 3
Time for transferring 4
Methods of transferring 5
Requeening 13
Transferring from houses or from bee trees 13
FARMERS' BULLETIN No. 962.—VELVET BEANS.
Description 4
History 5
Varieties 5
Distribution 9
Suitable soils 11
Fertilizers 12
Inoculation 12
Time of planting 13
Methods of planting 15
Rate of seeding 18
Continuous cropping 18
Cultivation 19
Uses of velvet beans 19
Harvesting 27
Thrashing 27
Grinding 28
Feed 30
Insects 37
Some unpublished data on feeding velvet beans 38
FARMERS' BULLETIN No. 963.—TRACTOR EXPERIENCE IN ILLINOIS: A STUDY OF THE FARM TRACTOR UNDER CORN-BELT CONDITIONS.
Corn-belt conditions 4
Data for 1917 and 1918, compared with 1915 data 5
Advantages and disadvantages of the tractor 6
Size of farm and tractor 6
Cost of tractor outfit 10
Life of the tractor 11

FARMERS' BULLETIN NO. 963.—TRACTOR EXPERIENCE IN ILLINOIS: A STUDY OF THE FARM TRACTOR UNDER CORN-BELT CONDITIONS—Continued. Page.

Days used annually 12
Repairs 13
Work done per day 14
Cost of operating 17
Economy 22
Quality of work 23
Operation 24
Reliability 25
Displacement of horses 26
Custom work 27
Effect of use of tractor on crop yields 28
Tractor equipment 29

FARMERS' BULLETIN NO. 964.—FARM HOUSEHOLD ACCOUNTS.

Importance of household accounts 3
Methods of keeping records 3
Allowance of supplies provided by home farm 10

FARMERS' BULLETIN NO. 965.—GROWING GRAIN SORGHUMS IN THE SAN ANTONIO DISTRICT OF TEXAS.

The need for a dependable grain feed crop 3
Adaptability of various grain crops 3
Comparison of the habits of corn and grain sorghum 4
Conditions affecting grain-sorghum production in the San Antonio district. 4
The sorghum midge 5
Evading the sorghum midge 6
Culture of grain sorghum 6
Best varieties for the district 6
Preparation of the land 8
Time of seeding 9
Method of seeding 9
Cultivation 11
Harvesting and thrashing 11
Use of sorghum grain 12

FARMERS' BULLETIN NO. 966.—A SIMPLE HOG-BREEDING CRATE.

Advantages of the breeding crate 3
Directions for operation 3
Bill of materials for constructing a crate 4

FARMERS' BULLETIN NO. 967.—PURPLE VETCH.

Where grown 3
Description 3
Similar species 4
Climatic requirements 4
Soil and moisture requirements 5
Value for hay 5
Value for green manure 6
Value for pasturage 6
Time and rate of seeding 6
Inoculation 7
Method of seeding 8
Use of lime and gypsum 8
Harvesting for hay 9
Harvesting for seed 9

FARMERS' BULLETIN No. 967.—PURPLE VETCH—Continued. Page.
Thrashing ... 10
Cleaning seed ... 11
Yield of seed ... 11
Insects in relation to pollination ... 11
Injurious insects ... 12
FARMERS' BULLETIN No. 968.—CULTIVATION AND UTILIZATION OF BARLEY.
Increasing the acreage of barley ... 3
Barley regions ... 4
Economics of barley growing ... 6
Farms and soils where barley should be grown ... 10
The place of barley in the rotation ... 11
Manures and fertilizers ... 12
Good seed ... 14
Preparation of the soil ... 15
Date of seeding ... 17
Rate of seeding ... 19
Depth of seeding ... 20
Method of seeding ... 20
Time of harvesting ... 21
Methods of harvesting ... 22
Shocking, stacking, and thrashing ... 23
Cost of producing barley ... 24
Uses of barley in manufactories ... 26
Stock feed ... 28
Feeding barley ... 29
Pasturing barley ... 29
Varietal regions ... 30
Varietal areas ... 32
What variety to grow ... 35
Where to produce seed ... 35
Diseases ... 35
Summary ... 37
FARMERS' BULLETIN No. 969.—HORSE BEANS.
Description of the horse bean ... 3
Uses ... 4
Soil requirements ... 6
Climatic requirements ... 6
Time of seeding ... 6
Method of seeding ... 7
Inoculation ... 8
Cultivation ... 8
Harvesting for seed ... 8
Longevity of seed ... 11
Fungous diseases ... 11
Insect enemies ... 11
FARMERS' BULLETIN No. 970.—SWEET-POTATO STORAGE.
Importance of the sweet-potato crop ... 3
Essentials of good storage ... 4
Construction of sweet-potato storage houses ... 5
Materials required for houses of different sizes ... 14
Utilizing abandoned tenant houses, warehouses, and other structures for storing sweet potatoes ... 19

FARMERS' BULLETIN No. 970.—SWEET-POTATO STORAGE—Continued. Page.
Variety of sweet potatoes for market 20
Harvesting sweet potatoes 21
Filling the bins 22
Curing sweet potatoes 22
Methods of heating a storage house 23
Storage pits and cellars 24
Marketing sweet potatoes 26
FARMERS' BULLETIN No. 971.—THE CONTROL OF THE CLOVER-FLOWER MIDGE.
Why the midge should be controlled 3
Distribution 3
Food plants and nature of injury 3
Seasonal history in northern latitudes 4
Control measures 9
FARMERS' BULLETIN No. 972.—HOW TO USE SORGHUM GRAIN.
The grain sorghums 3
Sorghum grain for feed and food 3
Acreage and value of grain sorghums 12
Increasing the use of sorghum grains 13
Publications on grain sorghums 17
FARMERS' BULLETIN No. 973.—THE SOY BEAN: ITS CULTURE AND USES.
Commercial importance 3
Climatic adaptations 3
Soil requirements 4
Preparation of the seed bed 5
Fertilizers 5
Inoculation 6
Time of planting 8
Depth of planting 9
Rate of seeding 9
Method of seeding 11
Cultivation 11
Varieties 11
Soy beans in rotations 17
Soy beans in mixtures 18
Soy beans for seed 19
Soy beans for hay 25
Soy beans for soiling 28
Soy beans for pasture 28
Soy beans for ensilage 29
Soy beans for soil improvement 31
Enemies of the soy bean 32
FARMERS' BULLETIN No. 974.—CLEARING LAND.
Disposal of waste and small growth 4
Pasturing stump land and keeping down sprout growth 6
Pulling standing trees 8
Plowing small growth under 8
Cultivating stump land 8
Removal of stumps 9
Disposal of stumps after pulling 25
Softwood distillation products from stumps 27
Chemicals worthless for removing stumps 29
Burning logs 29
Filling holes and disposal of stones 29

FARMERS' BULLETIN No. 975.—THE CONTROL OF EUROPEAN FOULBROOD. Page.
Difficulties of control 3
Name of the disease 3
Symptoms 4
Basis of treatment 7
Preventive measures 10
Remedial measures 13
Good beekeeping will eradicate the disease 15
